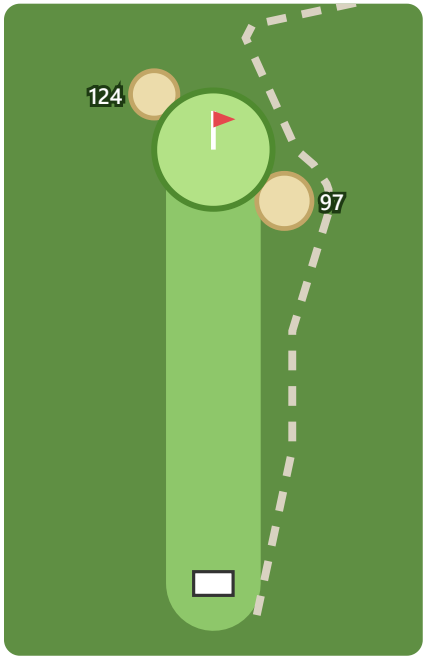
Hole by hole

Distances on each hole card are measured from the Club tees along the line to the pin. Each hole has its own wind for the round, described as you stand on the tee (the arrow points the way it blows; the Daily Three sets one wind of its own). Green speed is on the stimpmeter: higher is faster.

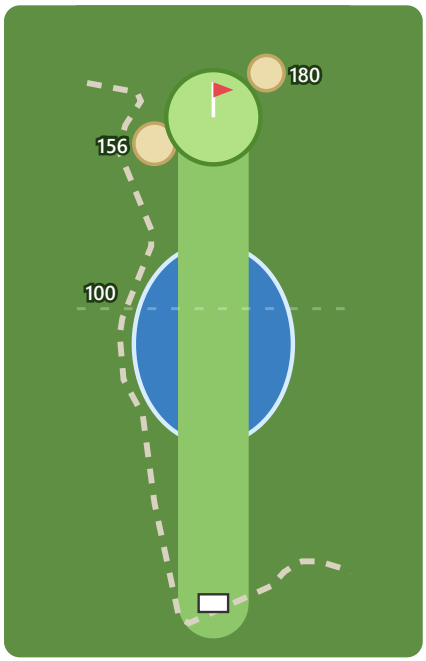
Hole 1 · Heron Welcome



Par	3
Yards	110 Club · 92 Forward · 130 Back
Wind	↙ 4 mph into you, from the right
Green	about 30 yards across, slopes 0.6% from back to front, speed 10.2
Hazards	Bunker 97 yd right (greenside) · bunker 124 yd left (greenside)

Favor the center; front-right sand punishes a weak fade.

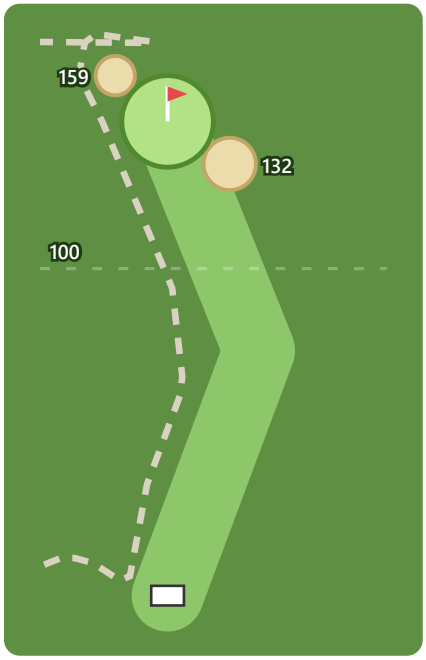
Hole 2 · Lake Carry



Par	3
Yards	165 Club · 139 Forward · 185 Back
Wind	← 7 mph from the right
Green	about 32 yards across, slopes 1.1% from back-right to front-left, speed 10.2
Hazards	Bunker 156 yd left (greenside) · bunker 180 yd right (greenside) · water across the line from 54 to 122 yd

Carry the lake; 27 yards of dry ground separate the bank and green. Lay up left for the safer long route.

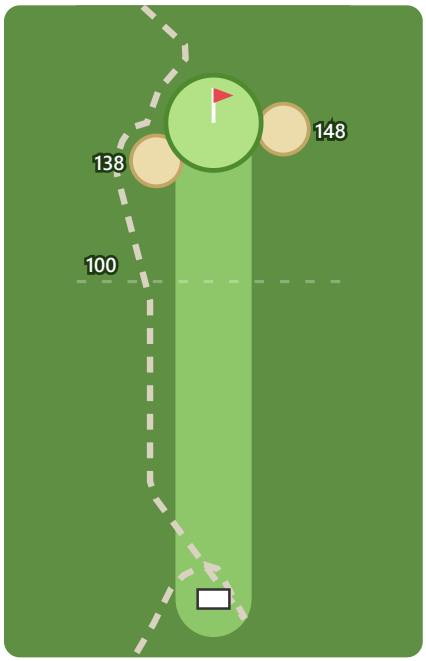
Hole 3 · Willow Turn



Par	3
Yards	155 Club · 134 Forward · 174 Back
Wind	↖ 6 mph helping, from the right
Green	about 28 yards across, slopes 1.2% from left to right, speed 10.2
Hazards	Bunker 132 yd right (greenside) · bunker 159 yd left (greenside)

Fly the short right dogleg or follow the bent fairway in two strokes; missed shortcuts leave rough.

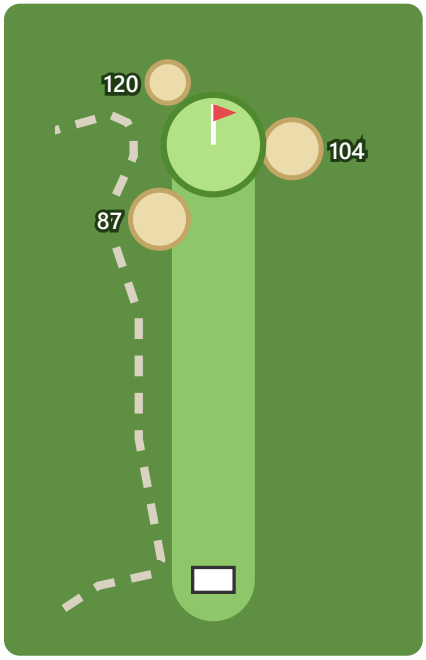
Hole 4 · Twin Guards



Par	3
Yards	150 Club · 126 Forward · 170 Back
Wind	↑ 8 mph behind you (helping)
Green	about 30 yards across, slopes 1.4% from right to left, speed 10.2
Hazards	Bunker 138 yd left (greenside) · bunker 148 yd right (greenside)

Staggered bunkers guard both sides. The open front rewards a controlled mid-iron.

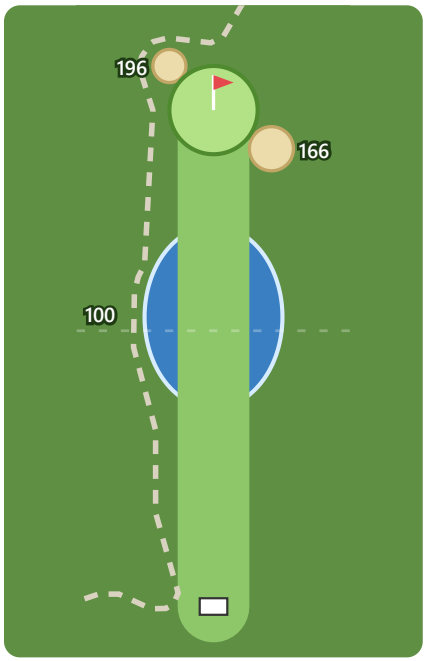
Hole 5 · Needle



Par	3
Yards	105 Club · 88 Forward · 125 Back
Wind	↗ 5 mph helping, from the left
Green	about 24 yards across, slopes 1.0% from front-left to back-right, speed 10.2
Hazards	Bunker 87 yd left (greenside) · bunker 104 yd right (greenside) · bunker 120 yd left (greenside)

The shortest hole has the smallest green. Clear the front trap without chasing the back pin.

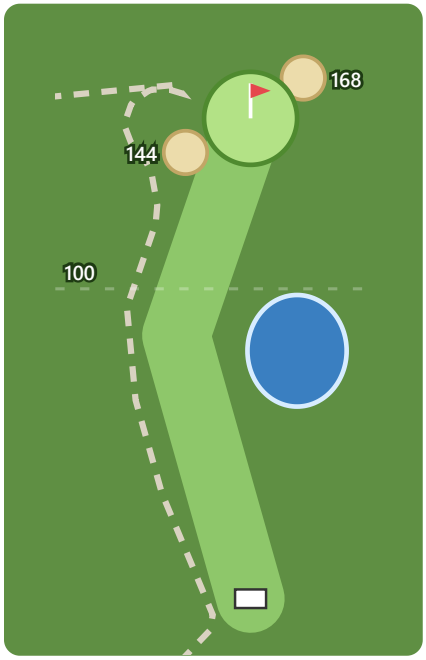
Hole 6 · Heron Crossing



Par	3
Yards	180 Club · 151 Forward · 200 Back
Wind	→ 9 mph from the left
Green	about 32 yards across, slopes 1.3% from back to front, speed 10.2
Hazards	Bunker 166 yd right (greenside) · bunker 196 yd left (greenside) · water across the line from 72 to 138 yd

A longer lake carry demands a solid iron. The wide green and open front leave room for a safe finish.

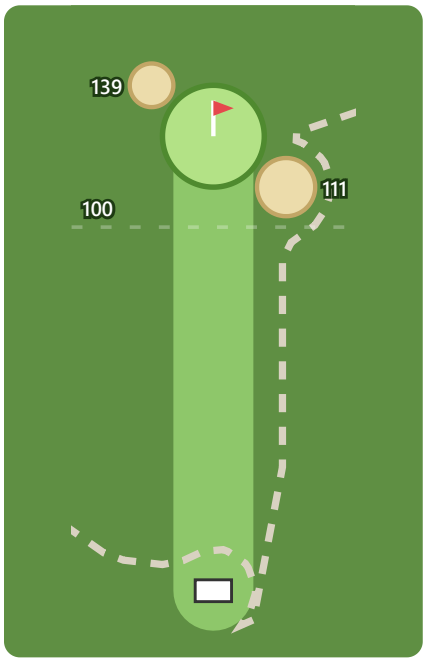
Hole 7 · Cove Bend



Par	3
Yards	162 Club · 139 Forward · 182 Back
Wind	↘ 7 mph into you, from the left
Green	about 30 yards across, slopes 1.5% from left to right, speed 10.2
Hazards	Bunker 144 yd left (greenside) · bunker 168 yd right (greenside) · water right from 62 to 98 yd

Follow the left dogleg away from the cove, or take on the inside corner in the air.

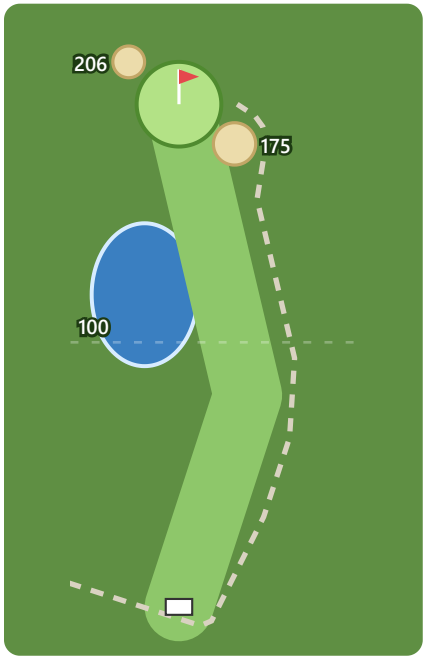
Hole 8 · Soft Landing



Par	3
Yards	125 Club · 105 Forward · 145 Back
Wind	↓ 6 mph into you (headwind)
Green	about 28 yards across, slopes 1.8% from left to right, speed 10.2
Hazards	Bunker 111 yd right (greenside) · bunker 139 yd left (greenside)

Keep the tee shot below the hole on this breaking green and leave yourself an uphill putt.

Hole 9 · Last Light



Par	3
Yards	197 Club · 169 Forward · 216 Back
Wind	↙ 8 mph into you, from the right
Green	about 32 yards across, slopes 1.2% from back to front, speed 10.2
Hazards	Bunker 175 yd right (greenside) · bunker 206 yd left (greenside) · water left from 91 to 145 yd

Water tests the direct line. The right dogleg offers a layup route; center green is a generous final target.
